

ISSN: 2395-0455

Volume 9, Issue 6, November - December (2022)

International Journal of Computer Networks and Applications

EverScience Publications

ISSN: 2395-0455

Volume 9, Issue 6, November - December (2022)

International Journal of Computer Networks and Applications (IJCNA)

Volume 9, Issue 6, November - December (2022) ISSN (Online): 2395-0455

Contents

| Regular Papers | Page No |
|--|---------|
| Minimalistic Error via Clibat Algorithm for Attack-Defence Model on Wireless Sensor Networks (WSN) | 661 |
| K Abdul Basith, T.N. Shankar | |
| Scalable and Robust Intrusion Detection System to Secure the IoT Environments using Software Defined Networks (SDN) Enabled Architecture | 678 |
| Tahani M. Alshammari, Faeiz M. Alserhani | |
| A Novel Agent-Based Multipath Routing Protocol to Extend Lifetime and Enhancing Reliability of Clustered Wireless Sensor Networks | 689 |
| Binaya Kumar Patra, Sarojananda Mishra, Sanjay Kumar Patra | |
| Energy Aware Cross Layer Based Clustering and Congestion Control Using Mexican Axolotl Algorithm in VANET | 701 |
| Rashmi K H, Rekha Patil | |
| A Novel Trust Negotiation Protocol for Analysing and Approving IoT Edge Computing Devices Using Machine Learning Algorithm | 712 |
| V. Maruthi Prasad, B. Bharathi | |
| Detection of Black and Grey Hole Attacks Using Hybrid Cat with PSO-Based Deep Learning Algorithm in MANET | 724 |
| S. Venkatasubramanian, A. Suhasini, S. Hariprasath | |
| A Competent Intelligence Modeling for Trust-Based Security Scheme in Mobile Ad Hoc Network | 736 |
| K. Vijay Anand, G. Abel Thangaraja | |
| Privacy-Preserving Mechanism to Secure IoT-Enabled Smart Healthcare System in the Wireless Body Area Network | 746 |
| Renuka S. Pawar, Dhananjay R. Kalbande | |
| Trust Management Techniques and their Challenges in Cloud Computing: A Review | 761 |
| Pooja Goyal, Sukhvinder Singh Deora | |
| Reliable and Scalable Broadcast Scheme for Safety Applications in Vehicular Ad Hoc Network | 775 |
| Mehul Vala, Vishal Vora | |
